

Take Control of Your Healthcare

MAKE IT EASY WITH OUR

NEW PATIENT PORTAL

How can it help me?

The Patient Portal helps you conveniently and securely connect with your (or your dependents') doctor, manage care, and view health information on a web-enabled device.

Three easy steps to get started:

- 1 Provide** a valid email address to your doctor's office. You'll receive an invitation to enroll.
- 2 Create** a username and password, then follow onscreen prompts to activate your account.
- 3 Use** your username and password to securely stay in touch with doctors and access your health information anytime, anywhere.

Features (VARIES BY PRACTICE):

Messaging

Ask your doctor or care team a question, share an update, and/or send an attachment.

Request Appointments

View and request appointments.

Medications

Request refills and/or renewals and review your prescription medications.

Health Record

View visit summaries, lab results, and other documentation.

Health Forms

Complete paperwork, before your appointments.

Please note that the patient portal launch is currently exclusive to Family Practice, Pediatrics, Pain Management, and OBGYN services. Dental and other specialty services are not available at this time.
